Report of Superintendent of Schools

TO THE SCHOOL BOARD AND CITIZENS OF JACKSON:

I have the honor to submit for your consideration, a brief report of the condition of your schools.

You are no doubt aware of the extreme shortage of qualified teachers, and that the State requires all teachers to pass some of the requirements before issuing licenses. We were fortunate in securing Mr. Wentworth and Miss Moody who have passed the requirements for this year. The schools under their management are making good progress.

Your school houses, however, do not comply with the minimum requirements of the State, and steps should be taken to remodel the two houses now in use. This will cost considerable, as material and labor are high. But a town as thrifty and containing so many attractive buildings cannot afford to allow its school houses to be so far behind its other buildings. Your children should be, and no doubt are, your chief object in life, and the schools should be made as sanitary and beautiful as possible. I trust that at your annual district meeting this matter will have your careful consideration.

Respectfully,

L. M. FELCH
